PRAYER FOR THE BLESSING OF FLOWERS

Let us pray to the Lord.

Response: Lord have mercy.

Almighty and eternal God, by your word alone you created out of nothing the heavens, earth, sea, and all things visible and invisible. You commanded that the earth give forth plants and trees for the needs of man and animal, each according to its need. In your infinite goodness you ordained that these plants serve not only as food for the animals but also as medicine for the sick body.

We beseech you, bless these different plants and fruits and bestow upon them your blessing, and endow them with your power, so that they may serve man and animal alike as a defense against all sickness and all that is impure. For you are our God and we give glory to you, Father, Son and Holy Spirit, now and ever and forever.

Response: Amen

These flowers and plants are blessed and sanctified by the sprinkling of this holy water in the name of the Father and of the Son and of the Holy Spirit. Amen.

SEVEN POOR RICH MEN

In 1928 a group of the world's most successful financiers met at the Edgewater Beach Hotel in Chicago. The following were present:

- the president of the largest utility company
- the greatest wheat speculator
- the president of the New York Stock Exchange
- the greatest "bear" in Wall Street
- the president of the Bank of International Settlements
- the head of the world's greatest monopoly

Collectively, these tycoons controlled more wealth than there was in the United States Treasury, and for years newspapers and magazines had been printing their success stories and urging the youth of the nation to follow their examples. Twenty-five years later, this is what had happened to these men:

-The president of the largest independent steel company, Charles Schwab lived on borrowed money the last five years of his life and died broke.

-The greatest wheat speculator, Arthur Cutten, died abroad, insolvent.

-The president of the New York Stock Exchange, Richard Whitney, served a term in Sing Sing prison.

-The member of the President's Cabinet, Albert Fall, was pardoned from prison so he could die at home.

-The greatest "bear" in Wall Street, Jesse Livermore, committed suicide.

-The president of the Bank of International Settlements, Leon Fraser, committed suicide.

-The head of the world's monopoly, Ivar Drueger, committed suicide.

All of these men had learned how to make money, but not one of them learned how to live.
