ICE CREAM SOCIAL they came from the 4 corners of the world to enjoy a variety of Wonderful Ice Cream and Toppings. Thank you Sally and Ann and to the generous members and friends of our parish. Great celebration for the 4th of July. We did invite Bishop Gerald but he was busy ordaining a priest in Olympia, Washington. (Bishop loves Ice Cream).

14:17 FIVE LOAVES AND TWO FISH the five loaves of the five books of the law. Hilary of Poitiers: When the disciples advised that the crowds be sent away into the

neighboring villages to buy food, Jesus answered, "They do not need to go away." This signaled that these people whom he healed with the food of teaching, teaching that was not for sale, had no need to go back to Judea and buy food. He ordered the apostles to give them something to eat.

But was Jesus unaware there was nothing to give? Did he not know the disciples possessed a limited amount of food? He could read their minds, so he knew. We are invited to explain things by reasoning according to types. It was not yet granted to the apostles to make and administer heavenly bread for the food of eternal life. Yet their response reflected an ordered reasoning about types: they had only five loaves and two fish. This means that up to then they depended on five loaves—that is, the five books of the law. And two fish nourished them—that is, the preaching of the prophets and of John. For in the works of the law there was life just as there is life from bread, but the preaching of John and the prophets restored hope to human life by virtue of water. Therefore the apostles offered these things first, because that was the level of their understanding at the time. From these modest beginnings the preaching of the gospel has proceeded from them, from these same apostles, until it has grown into an immense power. on Matthew 14.10.

MAGNITUDE AND SCOPE OF ABORTION

The US has lost about 1.2 million soldiers in all of its wars since the Declaration of Independence in 1776. In a much shorter time since 1973, we have killed about 50 times as many pre-born babies. Also, abortion has cost the US about 120 times as much as all American wars have.

Who could have predicted this wide scale slaughter of innocent life that goes on, day in day out? Who would have guessed that abortion would be de-criminalized, protected by governments and proudly promoted and funded by governments and corporations?

Who would have guessed that some schools and colleges would promote this, imagined that churches would remain silent and that school officials can and do send minors for abortions without parental consent? Who would have guessed that the media moguls would despise and oppose all who valiantly come to the defense of innocent life?

How did we get to this position? How did we become so callous and how can "civilized" people consider their God given children as disposable? There is nothing in human history to equal this massive slaughter. Why do we not do more to prevent abortion? Lord, have mercy on us.
