Some "Choices" have Victims

A misguided letter published in the Florida Times Union complained, "If you are opposed to abortion, don't have one!"

This type of argument is not only sad, but is a typical argument made by those who support abortion and other evils. In fact, it is an exactly similar to the rationale that was used to justify keeping slavery legal.

Most people understand that we have to intervene to help the poor, the AIDS victim, the drug addict, the victim of crime and war. Even if we do not know the victims' names, or have never seen their faces, we know it is our business to help them.

We do not hear people say, "I would never rape or abuse a child, but if the other person wants to do so, that’s their choice." The reason people do not say that is that they realize that some choices have victims ----and our laws are meant to protect these innocent victims.

When somebody’s "choice" destroys or threatens somebody else’s life, that’s everyone’s business. It is, after all, the business of all Christians "to love one another...". This requires us to intervene to save our brothers and sisters in need. And no group of human beings needs our help more than the 3,500 innocent babies who are slaughtered each and every day in our nation.

Many oppose abortion but do not think anything can be done. However, the problem is not that there is nothing that can be done, but that there are not enough people doing the perfectly legal, peaceful and effective activities they can do to end abortion. That is why we all need to get involved!
