"Right to Choose"-----Choose What?

Abortion advocates often say, "It's a woman's right to choose". However, once a woman is pregnant, she already has a child; the choice is what to do with him or her. Although the word "choice" sounds so positive and

harmless, the actual choice is whether to have a live child or a dead child.

Abortion advocates also argue that, "You cannot legislate morality". Interestingly, this is exactly the same argument that the civil rights' movement faced. The response of Martin Luther King Jr. was: "We hear the familiar cry that morals cannot be legislated. This may be true, but behavior can be regulated. The law may not be able to make a man love me, but it can keep him from lynching me".

Similarly, pro-life advocates are trying to regulate behavior, not legislate morality. We cannot force some people to love all children, but we can and should use our influence to stop abortionists destroying innocent babies.

SUNDAY OF THE FATHERS OF THE FIRST SIX ECUMENICAL COUNCILS

The Fathers of the Councils proclaim to us today that the eternal Trinity is one God and one Lord. They explain the Trinity is of one nature, consubstantial, of one will and one act, not divided nor shared but existing in the simplicity of God's being. The Fathers define that this will and act of God had no beginning and will never have an end. They also declare that Christ is one divine person having two natures, the one is divine and the other is human. Therefore, we the faithful honor these Fathers as equal to the Apostles, for they taught all people the true doctrine of God. *From Vespers*
